If you have a goal in life
that takes a lot of energy
that incurs a great deal of interest
and that is a challenge to you,
you will always look
forward to waking up to
see what the new day brings.

If you find a person in your life
that understands you completely
that shares your ideas
and that believes in everything you do,
you will always look
forward to the night
because you will never be lonely.

Susan Polis Schutz

SOM — Piscataway

The human body is a circle
of which each part may be esteemed
as both the beginning and the end
of the knowledge of their parts,
their sympathy and communication
By the affection of one part,
the whole body may become affected . . .

To my family and friends
You have made it all possible
Thanks for your never ending
support and love

BRUCE E. JACOBS, D.O.

I shot a moose once. I was hunting in upstate New York, and I shot a moose and I strap him onto the fender of my car and I'm driving home along the West Side Highway, but what I didn't realize was that the bullet did not penetrate the moose. It just creased his scalp, knocking him unconscious. And I'm driving through the Holland Tunnel and the moose woke up. So I'm driving with a live moose on my fender . . . and the moose is signalling . . . and there's a law in New York State against driving with a conscious moose on your fender . . . Tuesdays, Thursdays and Saturdays . . . and I'm very panicky . . . then it hits me. Some friends of mine are having a costume party: I'll go. I'll take the moose, I'll ditch him at the party, it wouldn't be my responsibility.

So I drive up to the party, I knock on the door, the moose is next to me. My host comes to the door. I say "Hello, you know the Solomons?" We enter. The moose mingles very well . . . scored . . . some guy was trying to sell him insurance for an hour and a half. 12 o'clock comes. They give out prizes for the best costume of the night. First prize goes to the Berkowitzes, a married couple dressed as a moose.

The moose comes in second. The moose is furious! He and the Berkowitzes lock antlers in the living room. They knock each other unconscious. Now, I figure, here's my chance, I grab the moose, strap him on my fender, shoot back to the woods . . . But! . . . I've got the Berkowitzes!!! So I'm driving along with two Jewish people on my fender . . . There's a law in New York State . . . Tuesdays, Thursdays and especially Saturdays . . . the following morning the Berkowitzes wake up in the woods in a moose suit. Mr. Berkowitz is shot, stuffed and mounted at the New York Athletic Club and the joke is on them 'cos IT'S RESTRICTED!!!

THE MORE I SEE YOU

Hawkeye is reunited with a woman he thought was out of his life forever, but who never altogether leaves.

JANINE JAMIESON, D.O.

To my parents and family, who have given me
the desire to have a dream,
the ability and strength to pursue that dream,
and the love, support and encouragement to make my dream
come true.
To my friends whose caring, understanding and friendship
has made
these years bearable, enjoyable and memorable.

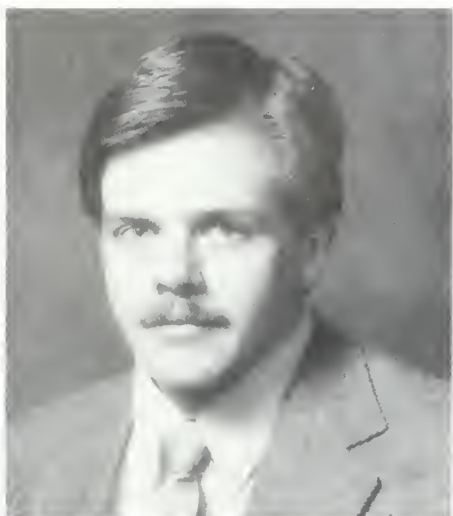

Thanks for everything

My nieces, born on my birthday.

CLIFFORD W. JONES, D.O.

May I have skill in my hands, clear vision of my mind, kindness and sympathy to my heart. Let there be singleness of purpose, may there exist the strength to lift at least part of the burden of my suffering fellowmen, and a true realization of the rare privilege that is mine.

H. MICHAEL JUNG, D.O.

Beginning my studies, the first step pleased me so much,
The mere fact, consciousness — these forms — the power of
motion,
The least insect or animal — the senses — eyesight — love;
The first step, I say, awed me and pleased me so much,
I have hardly gone, and hardly wished to go, any farther,
But stop and loiter all the time, to sing it in ecstatic songs.
Good Luck to all my classmates, with whom I have taken the first
step.

The Oath of Maimonides Thy eternal providence has appointed me to watch over the life and health of Thy creatures/ May the love for my art actuate me at all times; may neither avarice nor miserliness, nor thirst for glory, or for a great reputation engage my mind; for the enemies of truth and philanthropy could easily deceive me and make me forgetful of my lofty aim of doing good to Thy children/ May I never see in the patient anything but a fellow creature in pain/ Grant me strength, time and opportunity always to correct what I have acquired, always to extend its domain; for knowledge is immense and the spirit of man can extend infinitely to enrich itself daily with new requirements/ Today he can discover his errors of yesterday and tomorrow he may obtain a new light on what he thinks himself sure of today/ O, God, Thou has appointed me to watch over the life and death of Thy creatures; here I am ready for my vocation, and now I turn onto my calling.

MARIANNE J. TOMPKINS, D.O.

Over the past four years I've been able to spend my vacation time visiting hospitals and clinics abroad. Some of the places I've had the opportunity to visit include Russia, Spain, and Scandanavia. These trips have actually been study tours sponsored by the National Association of Nurse Anesthetists to which my mother belongs. Both my mother and I had the chance to observe a variety of foreign medical practices. Below are a few pictures taken on our tour.

June 1982: Outside a local hospital with the Director of Nursing in Lenigrad, USSR

July 1984: One of the largest hospitals in Oslo, Norway

June 1983: UNIVERSITY HOSPITAL of SEVILLE, SPAIN

KINDERGARTEN GRAD, "You've come a long way, baby"

RAYMOND L. WEIAND, D.O.

JOEL R. YAFFA

At early morn' as petals glisten dew,
The mossy edged full pond is sparkling cold.
When deers with fawn do drink the day anew,
And birds of white are flying patterns bold.

Your softly colored skirt is calmly blown,
Against fair thighs by warming bluish breeze.
With hair caressed by airsof spirits flown,
And eyes of blended sky that sing with trees.

Your countenance of splendored glow appears,
As fitting home for warming feelings true.
By giving you to me the fawns draw near,
To feel the wholeness painted in nature's hue.
The scarves of silk in blues and greens and browns,
Belong to you the one whose love I've found.

By Joel Yaffa

JAY M. ZELINSKI, D.O.

I would like to express best wishes to my fellow classmates in their medical careers.
My gratitude also goes to the faculty of NJSOM who contributed to my student experience and whose evaluations and recommendations have been an asset for my medical education objectives in the future.

Sincerely,
Jay M. Zelinski

The staff of Articulations 1985 would like to say thank you to Dean Robert Thompson for his support, to Marvin Herring, M.D. for the great cartoons, to Vivian Phillips for her assistance, to Linda Jensen for her help, and to Kim Sokoloff for the faculty pictures.

U A A O

Jeff Saluck Ray Wolf

The National Undergraduate American Academy of Osteopathy is an organization that designates its efforts towards the advancement of osteopathic manipulative education. UMDNJ-SOM's representatives for the 1984-85 school year were Jeff Saluck and Anthony Macasieb as chapter co-presidents, and Doug Leonard as the chapter's national representative. Also, Ray Wolf served as the UAAO National Vice President. The activities for the year included sales of spines, osteopathic textbooks, and manipulative tables. There were weekly OMT lunch sessions, and three members traveled to Colorado Springs to attend a convention. The Osteopathic Library has been enlarged as a result of many fund raisers. The chapter's funds also aided in having Harold Schwartz, D.O. hold a three day seminar on counterstrain.

— Jeff Saluck

The student groups of the American College of General Practitioners (ACGP) and the New Jersey Academy of Family Physicians (NJAFP) have several meetings during the year to promote Family Practice, especially to 1st and 2nd year medical students. Family physicians from the community have spoken about their practices, showing the contrast between rural, inner city, suburban, group and solo practices. Family Practice residents and residency directors have explained the post-graduate opportunities available in family practice, particularly in New Jersey. The student ACGP group also sponsored a movie during the Second Annual Osteopathic Winterfest.

— Sara Sterner

A C G P

S O M A

Roy Friedband Sara Sterner
David Beatty Hildalberto Curnow

The Student Osteopathic Medical Association (SOMA) represents a majority of osteopathic students and interns in the U.S. SOMA is recognized as a service organization for its members, the osteo-profession, and the public. Benefits for members include: eligibility for scholarships, loans, insurance, and a summer preceptorship program; discounts on medical equipment and journals (Osteopathic Annals, Student Doctor, CIBA Symposium, and Medical Student by Pfizer); and opportunities to attend biannual national conventions. The UMDNJ-SOM SOMA chapter represents about 40% of the student body. Local chapter activities during 1984-85 included an Undergraduate Osteopathic Awareness Program, a panel discussion "Osteopathic Manipulation and Chiropractic Adjustments" for the Winterfest celebration, the UMDNJ Open Tennis Tournament, and blood pressure cuff raffles. Two students were sent to national meetings in Las Vegas and Chicago. Officers for 1984-85 were David Beatty, Beto Curnow, Ted Tatarian, David Orr, Sara Sterner.

GRADUATE

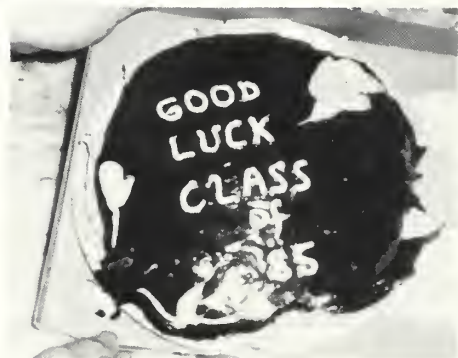

ACTIVITIES

SENIOR

WEEK

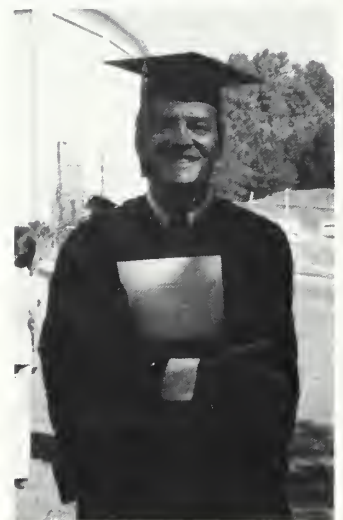

THE OSTEOPATHIC OATH

I do hereby affirm my loyalty to the profession I am about to enter.
 I will be mindful always of my great responsibility to preserve the health and the life of my patients, to retain their confidence and respect both as a physician and a friend who will guard their secrets with scrupulous honor and fidelity, to perform faithfully my professional duties, to employ only those recognized methods of treatment consistent with good judgment and with my skill and ability, keeping in mind always nature's laws and the body's inherent capacity for recovery.
 I will be ever vigilant in aiding in the general welfare of the community, sustaining its laws and institutions, not engaging in those practices which will in any way bring shame or discredit upon myself or my profession.
 I will give no drugs for deadly purposes to any person, though it be asked of me.
 I will endeavor to work in accord with my colleagues in a spirit of progressive cooperation, and never by work or by act cast imputations upon them or their rightful practices.
 I will look with respect and esteem upon all those who have taught me my art. To my college I will be loyal and strive always for its best interests and for the interests of the students who will come after me.

EDUCATION
PROGRAM
CAN'T BE
"A SHOT
IN THE
DARK" ...**

At Memorial General Hospital, our success is translated into an unceasing quest for excellence in education, medicine, nursing and patient care.

Working closely with a medical staff attuned to the importance of the learning process, your skills as an osteopathic physician will be enhanced through participation in carefully-designed educational programs, daily interaction with the expertise of ancillary staff and concentrated exposure to advanced technological resources.

With a medical education program consisting of 300 teaching beds, M.G.H. invites you to shape your professional goals amid the setting of a modern and expanding community hospital.

Residency programs are provided in:

- Anesthesiology
- Radiology
- Proctology
- General Practice
- Internal Medicine
- General Surgery
- Emergency Medicine
- Otorhinolaryngology/
Facial Plastic Surgery

Examine the Potential

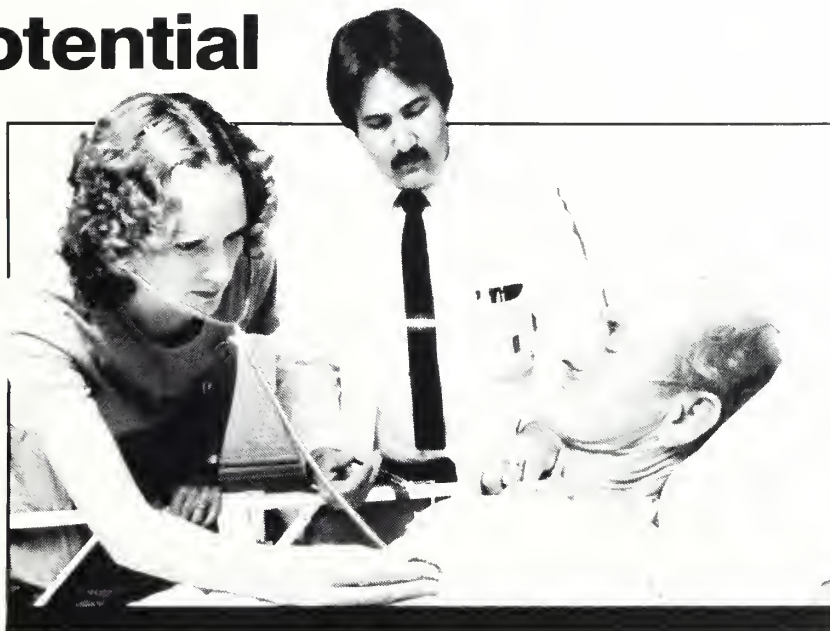

Grandview Hospital maintains a leadership role that began over fifty years ago in Dayton, Ohio. As a training center for osteopathic medicine, Grandview continues its commitment to excellence in medical care and to its medical students. Grandview offers 26 internships, 63 residency training programs in fourteen specialties and numerous externships in most specialties.

Grandview's 396-bed facility includes a new six-story addition and features the latest advances in medical technology.

Grandview operates Southview Hospital and Family Health Center, an ultra-modern, 56-bed facility that began offering inpatient and intensive care in addition to comprehensive outpatient services in June of 1983.

Examine the potential for you at Grandview. For complete information write or call:

Welcome to Florida's

Southeastern Medical Center.

Enjoy high professional standards in South Florida's dynamic growth region. As a 224-bed acute care, general hospital, we offer externs, interns and resident physicians a myriad of clinical and educational opportunities with all the fringe benefits of our tropical South Florida setting. And all the professional benefits of one of the nation's most dynamic growth areas.

The Community Situated near the north border of Dade County, we are located half way between Fort Lauderdale and Miami. Minutes from the ocean and many miles away from urban hassles.

Recreation With an annual average temperature of 75°, recreational activities abound. In the immediate area are: scuba diving schools, golf courses, 22 tennis courts, water skiing school, deep sea fishing charters, two vita courses, a dozen theaters and many restaurants.

Training Program Southeastern has 23 different rotating service opportunities for the intern. Specialty areas approved for resident physicians include: general practice, general surgery, internal medicine, OB/GYN, orthopedic surgery and podiatry.

For more information, call
Neil A. Natkow, D.O., F.A.C.G.P.
Medical Director/Director of Medical
Education. (305) 945-5400.

Garden City Osteopathic Hospital

CONGRATULATIONS TO THE CLASS OF 1985

LET US HELP YOU FULFILL YOUR COMMITMENT TO PROFESSIONAL EDUCATION!

Known by the quality of our intern and resident training program.

A fully accredited, progressively administered, well equipped 360 bed acute care teaching hospital.

Our Southeastern Michigan community of 45,000 is conveniently located to airports, colleges and universities, downtown entertainment, sports arenas and miles of lakes, woodland and ski slopes for all seasonal pursuits.

Besides the active informational training sessions our program provides, we are approved for residency training opportunities in the areas of: Anesthesiology 3, General Practice 4, General Surgery 4, Internal Medicine 4, Pathology 3, Pediatrics 2, Obstetrics-Gynecology 4, Orthopedic Surgery 4, Otorhinolaryngology/Oro-Facial Plastic Surgery 2, Radiology 4 and Thoracic-Cardiovascular Surgery 2.

Our Intern benefit package includes:

- An annual stipend of 16,000
- Moving allowance
- Health insurance for spouse and children
- Dental and Optical insurance
- Malpractice liability
- Meals and uniforms

For more details apply in writing to Dr. Calvin Kay, Medical Director; Norville H. Schock, Ph.D, Director of Medical Education or Mr. Allan L. Breakie, Executive Director.

botsford hospital
an osteopathic institution **general** serving the community

We at **Botsford General Hospital** invite you to meet our staff and discover our modern 300-bed hospital facility, including a new 50,000 square foot Education and Administration Building which houses an excellent medical library.

Become acquainted with our outstanding programs of osteopathic medical education, fully approved by all required accrediting agencies, and developed via our affiliation with such schools as Michigan State University College of Osteopathic Medicine. Our experience teaching and training spans over 33 years.

Interns and residents rotate through Botsford General Hospital, located in the rolling hills and lake country of southeastern Michigan, and an inner-city hospital only minutes from the vibrant Detroit city center and Ontario, Canada.

The House Staff consists of 30 interns and 53 residents. We presently maintain residencies in Anesthesiology, Family Practice, Gastroenterology, General Surgery, Internal Medicine, Medical Diseases of the Chest, Neurology, Obstetrics/Gynecology, Ophthalmology, Orthopedic Surgery, Otorhinolaryngology, Radiology and Urology.

Our Obstetrical Service approximates 1500 deliveries per year and includes an Alternative Birthing Unit. Additionally, we have an active Ambulatory Surgery Unit with a caseload over 3000 per year, a Critical Care Unit, and our Emergency Service has more than 25,000 visits per year. Our annual total caseload is approximately 100,000 patient days, and we are still growing.
